

# The Neighborhood Christian Clinic

*Restoring Health & Restoring Lives*

## Overview of Services

The Clinic is able to provide Medical & Dental services at an extremely low cost to patients because of donations and the support of volunteer healthcare professionals.

First time patients seeking medical care must participate in a random drawing. The number of patients drawn is based on the number of providers available - no visit is guaranteed. Patients not drawn are advised to come back at another time/day or to seek care at another clinic. Information for other low cost clinics is available from reception staff. *The dental clinic is currently closed to new patients.*

## Eligibility

Anyone who does not have health insurance nor qualifies for AHCCCS is eligible for treatment at the Clinic

## Hours of operation

<u>Day</u>	<u>Doors Open</u>	<u>Drawing(s)</u>
Mon - Fri	8:45am	8:45am / 12:45pm / 5:45pm (if there is an evening shift)
